

## *SWING THE CLUB*

Yes, it's that simple. Kent Keith will teach you to eliminate "thinking" about your swing and learn how to feel and visualize the function of the golf club. Simplify the game, reduce your practice time, and begin playing golf to your optimum level.

*Class A PGA Teaching Professional*

A simple approach to teaching the game, and a keen eye for the swing, make Kent a popular choice for beginners and advanced golfers alike. He places emphasis on driving the ball longer and straighter off the tee and developing proper short game techniques to lower your scores. His golf tips have been published in **GOLF MAGAZINE** and have aired on Sports Radio 980. Kent has twice been nominated for the Teacher of the Year Award for the Middle Atlantic PGA.

a tribe aparte.

Thru playing Goff unceasingly their  
very natures change, and they become  
tacurne, sullen, peevish and irritable!

They speake, eat, drink, sleepe and  
jabber Goff, forgetting their chattels  
and infants and spend monies only on  
balls, clubbs or a majic drink called  
wiski.

The clubb makers and wiski-sellers  
make enormous fortunes, while the  
Goffers families are in greate famine.  
These Goffers have been knowne to
